

FREE MIPS WORKSHOPS WITH BMS

Register at mips.com.au/BMS

Understanding the modern patient

Presenter: Dr Margaret Daley, MIPS Adviser

2hrs CPD: 4 category 2 points from the RACGP*

Medical practice has changed considerably in recent years, our patients crave knowledge and have access to a lot of health information online. Often the patient has already made their own diagnosis and prepared their own treatment plan, when they arrive at your practise. We will look at case studies and workshop ideas for discussing contemporary issues, the Dr Google expectations, whilst minimising your potential risk.

Discerning doctors don't get sued

Presenter: Paulina Moncrieff, Partner, Norton Rose Fulbright

2hrs CPD

This workshop will highlight strategies and key principles on how to navigate complaints made against you, AHPRA investigations and litigation.

You've worked long and hard to build your professional reputation and career, learn strategies and implementation techniques on how to minimise the chance of complaint and enhance better patient outcomes.
